**Comments:** OCV'd. RR Crimson is a large bodied cow with bold color that has given us large beefy built calves every year. Her color changes from dark chocolate in winter to Parker Brown dapple in summer She has an exceptional pedigree including JR Grand Slam, Gunman, Hot Playboy and Iron Mike just to name a few. She is an easy to work cow. She has been exposed to a son of the great Fifty Fifty and then the large framed grulla bull Blue Sued. Update on breeding and horn measurement given at sale day.
