LOT 2 - GLR CASANOVA'S STAR TEXA

Description

CONSIGNED BY Mark Gilliland M.D, Gilliland Ranch LLC

REGISTRATION: CI303464*

PH#: 705

DOB: 01/31/2017

BREEDING: Exposed to Texas Tuff GLR from 12/01/2021 to 02/15/2022.

COMMENTS: OCV'd. Johne's Negative - There is much to like about the females in this young cow's pedigree. She is moving close to 80" TTT plus she has the total conformation package. She produces a great calf every year. You have unparalleled potential when you stack females like Texana Van Horne, Eternal Diamond, ECR Eternal Tari 206, WS Rainbow, and Lady Overlook. We are keeping her daughter sired by The Beast and Hubbells Roman 7 for replacements. She is confirmed bred to Texas Tuff (CTC x RM Touch n Whirl Pat) for an October 2022 calf. The sophisticated breeder that is knowledgeable about pedigrees will understand her value and take her home.
