**DOB:** 10/2/2016

**BREEDING:** Exposed to Gold Mine 1 from 07/15/2021 to Sale Date.

**COMMENTS:** OCV'd. Casanova Lucy is a direct daughter of the 100k Cowboy Casanova bull. On her bottom side, she goes back to JP Rio Grande. That gives her 2 Legends in her direct pedigree. She is really starting to brindle up! She is an easy keeper and a great producer. She has a very nice horn set that is laid back and lateral. She will have a calf at the side by Gold Mine 1. We will have her exposed back to Gold Mine for a very good chance at being a 3-in1 package deal.
