**COMMENTS:** OCV'd. "Helm Tiffany 537" is sired by the great producing "Hubbells 20 Gauge" out of "Helm Fantasia" ( 85" + TTT ) who is one of our ( hidden ), but all time best-producing foundation females. "Helm Fantasia" has an awesome lateral tight twist horn and is a heifer-producing phenom. "Tiffany's" maternal Grand Dam is "SL Selena's Ace" ( 85" TTT ) that did so well for us and sold twice at public Auction for great \$\$\$\$\$. The maternal line is an outcross for today's breeding with strong "Lamb's Temptation" and the Great "Eileen Day" breeding influence. "Helm Tiffany 537" is a phenomenal milker with great conformation and a load of Total Horn. She sells with a bull calf sired by "Brazos Tuff Cowboy 901". 83.125" TTT Millennium Futurity Eligible
