**DOB:** 3/12/2018

**BREEDING:** Bull calf at side sired by Del Charro (**Cowboy Tuff Chex x SR Maddens Firefly**), born 7/4/2022 and exposed back to **Pacific Cowboy 40 (Cowboy Up Chex x RC Pacific Mermaid)**, our 97" TTT, 114" TH herd sire.

**COMMENTS:** OCV'd. If you are into stacked genetics look no further. Her sire is loaded with three 100" TTT or greater animals. Her dam is 96.625" TTT and has tons of frame only to be trumped by her dairy quality udder. She has had two sisters that sold for \$16,500 and a maternal half-sister that is over 90" TTT. Amazing color, genetics, and horn. Bull calf at side sired by Del Charro. Lots of Legends in this unique opportunity. **On 08/29/22 she measured 75 1/2" TTT, 86" TH.**
