BREEDING: Exposed to MN Cowboy Tuff Bandito from 2/1/2020 to Sale Date. Blood tested safe in calf.

COMMENTS: OCV'd. A truly breathtaking heifer that has everything in the world going for her. The linebreeding of Rebel HR over a Rowdy HR daughters is a proven cross. The results are horn, color, conformation, and ability to produce Futurity Champions as well as HSC winners. We have her exposed to our Cowboy Tuff Chex son out of our mid 80's Rio daughter out of a half-sister to Tari Graves FM49. Generations of consistency bred into this total package offering. She measured 71" TTT on 4/20/2020 www.nowelllonghorns.com
